

INTERNATIONAL SUPPLY CHAIN

A COMPLETE AND FULLY INTEGRATED LOGISTICS SOLUTION DESIGNED TO DELIVER YOU VALUE FROM YOUR INTERNATIONAL SUPPLY CHAIN

ABOUT US

International Supply Chain is a unique product using services from across MIQ Logistics to create a complete end to end solution. We link your origin supply chain with your destination market logistics and manage the complete service through our control tower contact structure. Origin logistics facilities located in all key sourcing regions provide specialist services ranging from purchase order management and consolidation, right through to sourcing support and assembly. Our supply chain experts design, implement and manage the service in partnership with our customers. Our model and approach creates real value throughout the supply chain by reducing costs and improving efficiencies.

GLOBAL PRODUCT

The international Supply Chain product is Coordinated across 3 regional business Units: Europe, Middle East and Africa, The Americas and Asia Pacific. We support and compliment our core services in air, sea and road transportation. We have the breadth and scale of service to support your business requirements.

PROVEN APPROACH

Our approach has been established for many years with services continually evolving to meet our customers changing requirements. Proven with our ever expanding list of customers our success has led to International Supply Chain becoming our fastest growing product within MIQ Logistics.
